Susan,

Here are some key physicians I think you should meet with over the next few months:

Drs. Massau, Desphande, and Griffin – Columbus, OH – Frank Mazzucco

Drs. Simon, Smith, and Akbik – Cincinnati, OH – Laura Mosley-Speaks

Drs. Dambrogio, Yokiel, and Moufawad – Cleveland, OH – Valerie McGinley

This list is not exclusive, and I am assuming the representatives will also have some pivotal folks they would like you to see.

Thanks,

Philip Tocco

Amy and Phil:

As we discussed in Las Vegas at the Fentora Launch Meeting, and at our separate POA in Columbus, physician advocates will play a key role in ensuring appropriate access for Fentora.

I would like to meet some of our physician advocates for Actiq/Fentora in Ohio,
